Dream Costing Sheets

Money, hours, energy, trade

Pricing a dream

A dream with numbers on it can be saved for, shrunk or scheduled. Use one set of pages per dream, and be honest rather than optimistic.

Dream 1
Money, hours, energy and the trade.

Dream 1: the picture

The dream in one line

The smallest version that would still feel real

The full version

Dream 1: money

List every cost, then add a margin.

	Item	Low	Likely	High

Dream 1: hours, energy, trade

Total hours needed

Hours I truly have in an ordinary week

Which seasons can carry this?

What I will pause to pay for it

Decision: shrink, stretch or drop something else

Dream 2
Money, hours, energy and the trade.

Dream 2: the picture

The dream in one line

The smallest version that would still feel real

The full version

Dream 2: money

List every cost, then add a margin.
